

CITY OF CAMROSE POLICY MANUAL

DATE: June 13, 1994
TO: Mayor and Aldermen
FROM: Committee of Whole Council

SUBJECT: Garage Sale Signs

RECOMMENDATION:

MOTION #201/94 Moved by Scott, seconded by Toogood that the Administration proceed to advertise the prohibition of temporary garage sale signs on roadways with the exception of directional signs within two (2) blocks of the sale site and;

that approval be granted for the erection of a "community services billboard" at Rudy Swanson Park for the use of the public and City departments for the advertising of garage sales and community events.

CARRIED 9-0.

DISCUSSION:

The Land and Zoning Committee have been approached to address the unsightly signage at various high traffic areas within the City of Camrose. This visual problem and potential traffic hazard could be eliminated by erecting a "community services billboard". A possible site for this billboard would be the Rudy Swanson Park. The location and size would be determined by the Leisure Services Department and appropriate advertising would be undertaken to advise the public.
